Cartridge Filter

Opal Ultra 350

Secure Locking Mechanism

The Opal Ultra filter The MultiCyclone DUO filter features a **innovative locking mechanism** designed for unparalleled convenience. With a simple clockwise turn of the lock ring, you can securely lock the filter in place.

When it's time for a cartridge replacement, simply **press and hold the lock plunger** and at the same time turn the lock ring **anti-clockwise**.

The innovative **lifting lug** integrated into the lid effortlessly lifts the lid together with the lock ring, granting you quick and easy access to the filter cartridge.

Opal Ultra 350

Easy-to-read pressure gauge allows for quick and simple monitoring of filter performance.

A solid one-piece moulded polymer tank for superior strength and resistance to cracking, corrosion, and UV damage, ensuring a long life span.

Innovative locking system ensures cartridge changes are quick and hassle-free. The integrated lifting lug adds convenience for lid removal.

Versatile Inlet Ports enjoy maximum flexibility with two inlet ports. Choose the configuration that best suits your pool's plumbing.

Extra large filter cartridge designed to accommodate an oversized cartridge, the Opal Ultra maximises dirt-holding capacity, extending filter life and reducing maintenance.

The large drain port speeds up filter tank drainage, making maintenance and cleaning easier and faster.

The 50mm quick-connect barrel unions designed for UPVC pipes offer an effortless and efficient solution for easily connecting and disconnecting pipe sections.

Performance Specifications

Opal Ultra 350

Description	Connection Ports	Min. Flow	Max. Flow	Filter Area	Max. Working Pressure	Max. Pool Size	Max. Temp.
OPAL ULTRA 350	50mm / 2"	50lpm (3m³/hr)	510lpm (30m³/hr)	32.5m² (350ft²)	350kPa (50psi)	183,600lt (40,386 gal)	40°C

WARRANTY

Opal Ultra tank	10 Years
All other components & labour	1 Year
Commercial Installations	1 Year
